**YOUTH  
EMPOWERMENT  
FINANCIAL  
PROGRAM**

Our Youth Empowerment Financial Program takes a holistic approach, designed with the intention of connecting, developing, and engaging the minds of our youths through matters surrounding:

- Motivation
- Money
- Entrepreneurship
- Manners and Discipline

Each component within this program was formulated to improve self awareness and mindfulness of each participant

“

In a world that has far too long denied wide spread financial literacy, we seek to expand and provide access to our youths.
